

# SCHOOL MENUS

## **NEW PROVIDERS, NEW MENU**

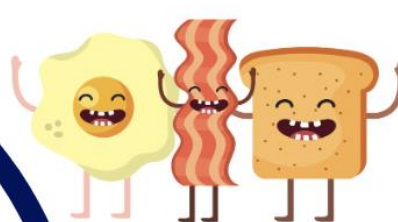

For the past 15+ years, school catering has been provided by an external company - *Leicester Traded Services*. From the start of this academic year, all school menus are being designed and delivered by LiFE MAT Catering. **What does this mean for you and your children?**

**FRESHER PRODUCE** LiFE MAT Catering source more of their food locally and will minimise the use of frozen vegetables in our menus.

**CONSISTENT STAFF** All catering staff are employed by the Trust and based at our school.

**NEW MENU:** Catering staff design the menu to reflect the popularity of foods at Desford.

**VALUE FOR MONEY** LiFE MAT Catering are not a company aiming to maximise profit. Prices will reflect government guidelines and local costs, with an emphasis on affordable quality. Universal free school meals for EYFS/Y1/Y2 and FSM (low income threshold) apply as usual.

**£2.55  
per meal**

## **ORDERING A MEAL**

Pre-ordering will no longer be required. Children will indicate whether they are hot dinners or packed lunch in classrooms each morning. They will then make their meal choice when they view the menu for the day in school.

**ParentMail accounts should remain in credit to enable meal charges to be applied.**

If you would like information on which foods contain Allergens, please ask a member of the Catering Team via the school office who would be happy to help.

There may be slight variations in the menu over the first term, as adjustments are made to reflect popularity. Parents will be notified of changes where possible.
